A LETTER FROM THE ADMINISTRATOR

Dear Residents, Families, and Friends,

As summer begins, we are excited to welcome a new season filled with energy, growth, and meaningful moments here at Dayton Nursing and Rehabilitation. With several upcoming changes and events on the horizon, we look forward to creating even more opportunities for connection, engagement, and joy within our community.

Our commitment remains strong in ensuring that our residents are happy, comfortable, and truly feel at home. We are equally dedicated to supporting our families and staff, knowing that it takes all of us working together to create a positive and caring environment.

We are always happy to welcome volunteers to assist our Activities Department. Your time and presence make a meaningful difference in the lives of our residents and help bring our events to life.

We are incredibly grateful for the continued support of our community. Your kindness, involvement, and encouragement mean so much to us all.

Thank you for being part of the Dayton Nursing and Rehabilitation family. We look forward to a wonderful summer together.

Warm regards,

Tina Rameriez - Administrator

Special Visit From Star Twirl Cheer Team

Residents enjoyed a special performance from our local Star Twirl Cheer team. The energy, enthusiasm, and talent the performers brought filled the room with excitement and smiles.

EMPLOYEE OF THE MONTH: LEE H. CMA

Lee, our dedicated Medication Aide, has been awarded Employee of the Month for her exceptional compassion and strong work ethic. Residents consistently share how caring, attentive, and supportive she is, while management recognizes her unwavering dedication and genuine commitment to resident well-being. Lee goes above and beyond each day to ensure residents feel safe, respected, comfortable, and valued. Her kindness, dependability, and positive attitude make a lasting impact on both residents and staff, and we are incredibly thankful to have her as part of the Dayton Nursing & Rehabilitation family.

SUCCESS STORY: MS. RENAY C.

Ms. Renay came to Dayton Nursing & Rehabilitation with a goal: to regain her strength and improve her independence. After experiencing challenges with mobility and daily tasks, she began skilled therapy services focused on improving functional mobility, safety, and reducing her risk of falls.

Through her dedication and daily participation in therapy, Ms. Renay has made remarkable progress — advancing from needing minimal assistance to becoming modified independent in many of her daily activities.

But what truly makes Ms. Renay special is the kindness she shares with those around her. Whether helping in the dining room or delivering coffee and snacks to fellow residents who may need an extra hand, she continues to brighten the days of others with her caring spirit.

Her journey is a wonderful reminder that healing is about more than recovery. It is about restoring confidence, purpose, and the ability to care for others again.
